

# Confessions from the mom front

As a mom, you try not to make mistakes, but sometimes they happen. *Dirty Little Secrets from Otherwise Perfect Moms*, by Trisha Ashworth and Amy Nobile, is a book of misbehaving mom moments. “I let my two toddlers eat Milk Bones right out of the box,” confesses one mom. “I figure if they’re not barking, they’re fine.”

The anonymous admissions of minor and major secrets are hilarious. *Dirty Little Secrets from Otherwise Perfect Moms* sells for \$12.95 and is available at [chronicle-books.com](http://chronicle-books.com). No matter what your

own little secret may be, this book is a nice reminder that no one will ever be perfect.
